COMMUNITY CARE WORKER

POSITION DESCRIPTION

Collage graduate in Early Education preferred; at least 2 years of experience working with preschool aged children and their parents. Some experience in public health or related field is good. The right candidate will possess work experience and understanding in early childhood developmental milestones, case management to meet the comprehensive needs of young children and their families, outreach in a community, parent & family engagement and parent training.

POSITION QUALIFICATIONS

Time management, organization skills and the ability to implement and complete tasks and assignments independently and as a team are essential skills. Driver's license and a clean driving record abstract required. Excellent oral and written communication skills are a must. Familiarity with social, cultural geographic and economic characteristics of Oahu's diverse communities is important. Knowledge of developmental, hearing and vision screening activities and tools are preferred. Public presentation skills are essential.

Salary is based on experience and qualification of the candidate.
